Product Description

306E Max Digging Height 5530 Used CAT Excavators for Improved Efficiency

Product Description:

Used CAT Excavators are powerful and heavy duty excavators from Caterpillar, one of the most reliable and trusted brands in the industry. These second-hand excavators are the perfect choice for those looking for a quality, reliable, and cost-effective solution. With a bucket capacity of 40, a machine rotation speed of 10.3, and a max loading height of 3960, these excavators are ready to tackle any tough job. Whether you're digging, trenching, or loading, these used CAT excavators make the job easier and faster. With their heavy-duty construction, they are reliable and built to last. Plus, they are easy to operate, require minimal maintenance, and are available at a fraction of the cost of a new model.

| Machine Rotation Speed | 10.3 |

Applications:

Used CAT Excavators make the perfect choice for any construction project. These second hand excavators, manufactured by Caterpillar, are reliable and powerful. The 306E model is especially powerful, featuring a digging depth of 3800 mm and a digging reach of 6300 mm, with a bucket capacity of 40. It is also capable of a maximum loading height of 3960 mm. This heavy-duty excavator is from China and is made with the highest quality materials. Its 2021 production date ensures that it is in great condition and ready to tackle any job. Used CAT Excavators is the perfect choice for any construction project.

Support and Services:

CAT excavators are renowned for their long-term durability, reliability and versatility. However, even the best machinery needs regular maintenance and repair. At CAT, our team of certified technicians offers comprehensive technical support and service for all used CAT excavators.

Our technicians have extensive experience in diagnosing and resolving any issues with CAT excavators. Whether it's a minor repair or major overhaul, we are committed to providing the best solution for your needs. We also offer preventive maintenance and periodic services to keep your equipment running smoothly.

If you're having problems with your used CAT excavator, our team is here to help. We can provide you with personalized advice and support to ensure that your excavator continues to provide reliable performance.

Packing and Shipping:

Used CAT Excavators are packaged and shipped with care. All units are disassembled, carefully wrapped and secured with industrial-grade pallets and straps. The units are then shipped via an experienced freight carrier to ensure safe and timely delivery.
